Good afternoon,

Aneurin Bevan University Health Board is required to carry out a *Pharmaceutical Needs Assessment* every five years. This helps us understand whether pharmacy services in Gwent meet the needs of local communities.

We are inviting people to share their views by completing a short questionnaire. Your support in promoting this survey will make a real difference. Please share the link below and attached posters through your networks and with anyone who may wish to take part:

### **Pharmacy Needs Assessment Patient Survey**

The questionnaire asks about:

- What pharmacy services are currently available and where
- Opening times and accessibility
- Whether services meet people's needs
- The dispensing service provided by some GP practices in rural areas

Responses will help us identify any gaps, such as areas that may need a pharmacy or services that should be expanded.

The survey is anonymous, and any personal data will be handled in line with our privacy policy. Please do not include any information that could identify you or others.

If you have questions or need assistance, email [abb.primarycaredepartment@wales.nhs.uk](mailto:abb.primarycaredepartment@wales.nhs.uk) with "PNA questionnaire" in the subject line or call **01495 241260**.

Thank you for helping us reach as many people as possible. Your support is vital in shaping pharmacy services for the future.
